

CITY OF CORONADO
OFFICE OF THE CITY COUNCIL

1825 STRAND WAY
CORONADO, CA 92118

CITY HALL
(619) 522-7320

April 8, 2024

Members of the City Council, Ms. Friend, and Ms. Canlas:

Pursuant to City Council Policy #2, I am requesting the placement of an agenda item with the intent to request that staff prepare a report analyzing the City of Coronado's policies and ordinances, if any, regarding the use of single use plastic products by and in the City of Coronado, as well as a review of other cities policies regarding the same focusing primarily on San Diego Coastal cities. As part of the report, I am requesting that it include any pending California state legislation that may impose related requirements on the City of Coronado.

I appreciate the recent presentation by the Coronado High School students, the younger student and members of the public that recently addressed the Council on this topic.

In making this request, I acknowledge how busy our City Staff currently is with projects and I thank them for their efforts. I, and I believe my fellow Councilmembers as well, do not seek to overburden Staff and understand that Staff will need time to prepare a report and present it.

Thank you for your consideration.

Respectfully,

John Duncan

Councilmember
City of Coronado
