Board of Trustees, Coronado Public Library.

(Indicate choice of board, commission or committee)

[Redacted]

(Signature)

Todd Little

(Full Name)

If appointed, I will agree to attend the meetings as called for this commission.

I will comply with the ethics and disclosure laws required by the City of Coronado and State law.

NOTE #1: Applicants must be United States citizens, registered to vote in the City of Coronado, and must have a residency fixed within the boundaries of the City of Coronado. All appointees must successfully pass a state mandated ethics training course biennially.

NOTE #2: This application will remain on file for one year from the date of submission.

AN APPLICATION ON FILE IN THE CITY COUNCIL SERVICES OFFICE IS A PUBLIC DOCUMENT.

Feb. 2017

Provide a brief resume of qualifications on this page or attach Resume or CV:

The current Board of Trustees has done an excellent job and I would be honored to succeed any of them should there be an opportunity. I would pledge to support the library, strengthen its platforms and help sustain its future.

I was fortunate to serve two terms on the Coronado Parks and Recreation Commission. During my tenure, I learned to embrace change, promote objectivity and build consensus as both President and Vice-President. The work was fulfilling and hopefully delivered meaningful improvements for Coronado residents and guests.

I currently serve on three other Boards: Tidelands Activation Commission for the Port of San Diego, the Vestry (Board of Directors) for Christ Church Coronado and School Board Member for Christ Church Day School. My terms are ending soon and it is my goal to assist other organizations.

As a mature father of three young readers, I offer a dual perspective as a potential Trustee. I'm a Baby Boomer who has used libraries in a traditional sense since my youth. As a father, I appreciate libraries that have adopted digital platforms and technology so children of all ages have unlimited access to resources and entertainment.

My background in event space management could be helpful as our community considers the possibilities for the Winn Room. My work at Discover Coronado does not conflict, or even intersect with, the Coronado Library.

To City Council-

The purpose of this note is to provide a statement with my application for the vacancy on the Coronado Library Board of Trustees. Sometime last summer, I read an article in our local paper, seeking membership on the Coronado Library Board of Trustees. At that time, I made an application for such a position, and was told I needed to submit a statement (attached) and appear at a meeting of the Members of the Coronado Library Board of Trustees, to introduce myself. This meeting was held October 25, 2021 at 6pm.

I must admit, when I saw the add in the paper, submitted by Marsi Steirer, I was somewhat surprised because I was under the impression, any position for a Board position, went through Council, as an appointment, and was not voting on, by its membership. I did not question this process, but I was really surprised at the meeting, I was the only applicant, out of four (4) applicants, that did not lead into my introduction, as being "asked to apply." Again, I did not question, why the other three (3) applicants were personally "asked to apply", yet I was not. I left the meeting, and two (2) days later, received an email, from the President, Ms. Steirer letting me know, I was not voted on, as a new member, but the Board had voted on the other three(3) applicants to serve on the Board, I was told in an email, I was NOT qualified to serve on the Board.

In all honesty, I was not only disappointed, but hurt. In retrospect, I never stood a chance. The other three applicants had already been handpicked. I moved on with my life, and never thought any more about it. I had been volunteering in Second Hand Proses for years, and made the decision, to no longer continue to volunteer after I learned that one (1) applicant did not want to be on the Board, (but was

pressured into showing up at the meeting, one (1) applicant holds many positions within Coronado, and one (1) applicant, was literally new to Coronado.

For years I have tried to sit on various Commissions, but after so many failed attempts, I have/had given up, so I was so surprised to read in the paper that there was a vacancy within the Library Board of Trustees. So, I made the decision that I would apply again, and maybe City Council will review my application with more of an open mind. I believe in this community, but unless this underlying theme of “only allowing hand chosen members to be a part of various Commissions or Board positions, the same people continue to provide a very narrow perspective.” New faces make for new and fresh ideas that help develop present and future community goals.

At this meeting, in October, I got the impression, that even though this particular vacancy states, “Term limits”, it sure seemed, there are/were many Coronado Library Board Member Trustees who have been serving for years and years. This is just my impression, because as each member introduced themselves’ each person stated the number of years they had been on the Board, and it sure seemed many were permanent members. This is not a criticism, just an observation.

Please accept this statement as well as the below statement, that was submitted to the Coronado Board of Trustees, last October, and accept this as another attempt to join the community.

Respectfully submitted,

Anne Parish

Anne Boston Parish, RN, FNP-BC, MSN-BC, AANP, DNP-c-

Coronado, California 92118

The purpose of this statement is to describe my strengths, skills, talents and interest to serve on the Friends of the Coronado Library Board of Trustees. I am a third-generational resident of Coronado. I permanently moved back to Coronado in 2012 after I buried both parents. You might say, I was looking to re-connect within a community that my late parents and grandparents called home. After my parents died, I sold my clinic, and home and moved to Coronado. I am a Family Nurse Practitioner by profession and credentialed to practice in California.

I grew up as a Navy Junior; I was married to a Naval Officer, who sailed the seas for 26 years, as I raised our two children, putting myself back to school to attain a Doctoral in Nursing Practice Degree. I loved every day I practiced medicine, treating those who could not care for themselves. It is a gift and passion that has always been deeply embedded in my ethical and moral fiber. For those who have been given much, I believe much is expected. In this parallel, I believe the reason I feel so comfortable working as a volunteer, at Second Hand Prose, and is similar to caring for the health care needs in primary care. Primary Care is similar to having the knowledge, to know when and how to make appropriate referrals. I find that my contact with those who come into the Book Store is similar to helping patients in a health care setting. Many like to circulate, but some ask for help, looking for a particular book or trade item, and are always so grateful to find the item, with the help that I was able to offer.

My skills are many but I am proud to say I am honest, kind, a hard worker and curious about the world. I am an avid reader; some might call me a bibliophile; I also love to cook and garden. My resume, is lengthy with academic degrees, positions in academia as adjunct faculty, but I feel, my greatest accomplishment was building a clinic for the Medically Uninsured and operating it for eleven years. I am truly humble and honored to have completed this task that helped so many.

Please see attached resume

(Educational qualifications)

I believe the Library must maintain its tradition of being a resource for the entire community. This can be a challenging balance, especially in these times when it seems easier to disagree than to find common ground. The Library Board of Trustees must serve as the link between the citizens of Coronado, the City Council and Mayor, always being mindful of its Charter and the governance requirements contained in the general laws of the state of California. If selected, I would bring a diverse background of Navy active duty, civilian and volunteer leadership experience to the position. I have been a resident of Coronado over 15 years and love my home and this community. Please see attached resume. Thank you for considering my application.

OBJECTIVE: Coronado City Board position that draws upon my extensive leadership experience, supported by my strong team building, customer service and management skills in support of a Board which meets the values and needs of the community.

SUMMARY: Over 30 years of powerful results in dynamic environments. Multi-disciplinary skills include, business planning, policy development, finance and budgeting. Strong leadership skills include effective communication, people and administrative skills and change management producing documented productivity gains under austere funding conditions.

Team Building
Communications Expertise
Contract Execution Support

Change Management
Customer Focus
Operational Logistics

ACCOMPLISHMENTS

Team Building: Led a team of government civilians, military and contractors from different companies and geographic locations to document processes and validate over \$650M in Continuous Process Improvement/Lean Six Sigma initiatives. As Commanding Officer of 381 civilians across two sites, interpreted and applied guidance to my employees in areas including hiring, terminating, awards and grievances. In my Volunteer Leadership role, I guide a focused team of volunteers in delivering financial and non-financial resources to meet emerging needs of our active duty and retired Sailors and Marines. Developed programs to recruit, engage and retain volunteers from greater San Diego area.

Change Management: Key player in the 9% personnel reduction of the Logistics Directorate. Process transparency and aggressive communications kept personnel focused and productive. Steered a command of 388 individuals through a Base Realignment and Closure assessment process, while increasing customer satisfaction by 10% and eliminating a 70K line item back log of problem disbursements. Managed volunteer staffing through Covid challenges, keeping essential services operating while ensuring safety of volunteers.

Communications Expertise: Provided strategic planning, business planning, policy development and execution guidance. Interpreted policy and legal guidance to local level. Ensured higher level guidance was explained in easy to understand language and format. Used a variety of media engagement tools to communicate Society offerings and attract volunteers.

Customer Focus: Fielded an advanced stock procurement and positioning plan for industrial shipyard support, increasing material availability 24% in six months. Implemented an on-line, interactive customer survey, providing real-time feedback to managers, which resulted in a 7% increase in timely customer response and an employee satisfaction improvement of 13%. In my volunteer leadership role, I ensure consistent and compassionate volunteer staff operations with a focus on staff continuous learning and personal development while ensuring client confidentiality, dignity and self-respect

Contract Execution Support: Responsible for technical oversight and performance monitoring. Managed technical accuracy, compliance and work directives through execution metrics. Met with Contractors and Government personnel to assure compliance with and full understanding of performance requirements and to preclude unauthorized interpretations, changes or alterations to performance or measurement requirements. Initiated changes to contract requirements dependent on a wide variety of circumstances.

Operational Logistics: Led a 22-member multinational logistics team in support of a major U. S. Navy exercise. Provided direct support to include fuel, provisions, repair parts and hazardous material as well as ordnance resupply of coalition forces for eight countries, 40 ships, 160 aircraft and 19,000+ personnel during a 30 day international joint naval exercise.
