# Coronado Cays Park Use and Amenity Survey

Thank you for participating in this important survey concerning Coronado Cays Park! The intent of this survey is to gain perspective on how the park is currently used, gauge if the community would like to see improvements, and if so, what amenities are most important to community members.

The results from this survey will assist in the development of a long-term master plan for Coronado Cays Park. This master plan will be used as a “big picture” concept serving as a consistent model for future projects. It is not a final document for construction. Instead, it is a flexible guide that identifies specific projects and aids in incremental phasing and prioritization.

This voluntary survey should only take 5-10 minutes to complete. Aggregate results will be used for development of the master plan and presented at future public workshops.\*

Thank you for participating in the master planning of Coronado Cays Park!

\*Only one submission per Coronado resident. Surveys with invalid email or home addresses will not be tallied.

\* Required

1. Email address \*

---

2. Home address. \*

---

## Take this survey to get involved in the future of Coronado Cays Park!

---

Please note: This survey is to gather general data to inform long-term master planning for the park. More detailed design will take place at a later date and will allow opportunities for further input on specific design, such as play equipment and furnishings.
